PILED TIES ON THE TRACK

son Road, Was Thrown from the Track Saturday Night.

Engine No. 29, of the through Carbondale and WilkesBarre freight on the Delaware & Hudson railroad, was derailed about 9 o'clock last Saturday evening at the Jessup switch, between Peckville and Winton stations.

Two big piles of railroad ties were piled on the track, one about 25 feet from the switch towards Peckville station and the other in the cross-over The latter threw the engine off the track and it ran about fifty feet on the ties and then plunged into the dirt up to the boiler the engine was going at the rate of twenty-five or thirty miles an hour at the time of the accident. None of the other cars left the rails, and fortunately none of the crew were injured. This is the third attempt that bas

been made to wreck trains at that place in the last two years. The supposition is that it was the intention to wreck the 9:29 passenger train, Fifty feet of the main track was adly torn up and about 200 feet of the third track. A message was sent o Carbondale and the wrecking train and two engines were soon on the spot and proceeded to put things in shape The engine was got back on the track it 5 o'clock Sunday morning and sent

to Carbondale forgrepairs. PASSED ON THIRD READING.

The refusal of the lower branch to accept this compromise, he said, meant another long and serious de-

lay for the ordinance. Just before the dissolution of the old ouncils, the lower branch killed a csolution looking to the construction of a sewer system in Bellevue. It was opposed by the Hyde Park members ecause they thought the new district rught to be made to include portions f the Fifteenth and Fifth wards. To bivate this opposition Mr. Regan had a new ordinance drafted, taking in Division, Pock, Hampton and Eynon streets, west of Main avenue as far is Thirteenth street, and all that ternue to the city line, thence to the river and thence back to and along Oxford street. The ordinance was referred to a special committee, consisting of Messrs. Flanaghan, Noone, Walker, Regan and Oliver. Adjournment was made until Thursday night,

MESSAGE FROM REV. DR. EVANS.

Conveyed to His Friends in This City by Rev. Goronwy Morgan.

The first of the Welsh ministers who it is expected will fill the pulpit of the First Welsh Baptist church of the West Side each Sunday for some time, spoke there yesterday. The gentleman is Rex. Vyrnwy Morgan, of Swansea, Wales, and he will occupy the pulpit again on Sunday next. A portion of his sermon yesterday morning appears in another column.

This is Rev. Mr. Morgan's second visit to the West Side, he having poker here about nine years ago. The time passed has dealt lenienently with him, but It has also deepened and broadened his experience and the large audiences which greeted his two efforts yesterday indicated the interest taken in his utterances.

In his evening sermon he gave voice to a message from one who is near the end of his life's service, Rev. Dr. Fred Evans, who lies confined to his bed, hourly expecting death. Dr. Evans is at the home of his aged father at Carmarthenshire. Wales, under the care of his wife and sister. He has suffered two strokes of paralysis within a year and a third is expected at any moment, But he sent a message of love and greeting to his old church and prays

for the happiness of the congregation. The church voted a resolution of repeet and sincere sympathy to Dr. Evans and instructed the secretary to forward a copy to the family. Dr. Evans has chosen his bosom friend, Rev. Mr. Morgan, to perform the last services of love for him when death

FIGHTING IN THE HOUSES OF GOD

Ackerson finally opened the door and the crowd rushed out. The books were afterward turned over to the po lice and President Frank educed the warrants to be issued, and as above stated, other arrests will follow to-

day.
The president's party have nothing to say except that the church must have a minister, and they were simply re-engaging Mr. Druch, who has given excellent satisfaction. The other faction says that they have no particular objection to Mr. Druch, but are North river front to see the vessels opposed to having any minister at all until such time as the church can afford to support one.

They argue that the minister can nake a very comfortable living without receiving a salary, and that he ought to be satisfied to lay off for a year or so without being forced. He rets from \$30 to \$40 a month from the butchers, being paid \$1 for killing a beef, 50 cents for a calf or sheep and five cents aplece for fowls. This with his fees for marriages and other like ceremonies can keep him nicely until such time as the congregation is de sirous of re-engaging him for regular work in the church. They also make the accusation that Mr. Druch used undue influence with President Frank and other members of the congregation to induce them to fight for ids retention.
